About the Changing the Legacy of Race & Ethnicity Series

Changing the Legacy of Race & Ethnicity is a conversation series initiated by Colorado Humanities and implemented with partners to encourage understanding and discussion about the legacy of race and ethnicity in America, and how Coloradans can work together to make changes now for a more just future. This program was prompted by summer 2020 events, when several violent acts of racism sparked an awakening in America and the streets were filled with passionate advocates who demanded the end of police brutality and systemic racism.

Colorado Humanities, a 501(c)(3), joins with hundreds of program partners statewide to design and provide community-based educational resources and programs in history, reading, and writing, as well as offering opportunities for informed civic dialogue and conversation about challenging issues.
